ACCSC Self-Evaluation Report (SER)

Portfolio: joehye@gmail.com's Portfolio

Application ID: 1

Accrediting Body: ACCSC

Standard Pack Version Date: 2026-07-01

Application Type: Initial

Generated At (UTC): 2026-08-27 23:48:08

Section 0: INTRODUCTION - INSTITUTIONAL ELIGIBILITY REQUIREMENTS

Subsection A: HISTORY

Item 1 (Criterion ID: 0-A-1)

Describe the school's history including when it first began enrolling students, first became eligible to apply for accreditation from ACCSC, and other significant events in the school's history.

Joe Hye Technical Institute, LLC was founded in 2018 by Joseph Hye to address a growing need for accessible, career-focused technology training in the Washington, DC metropolitan area. The school began enrolling students in its Software Development Certificate program in January 2019, and added the IT Support & Network Administration Certificate program in September 2020 in response to strong regional employer demand for entry-level network and help-desk technicians. Since its founding, the school has graduated multiple cohorts in both programs and has maintained continuous, uninterrupted operation. The school first became eligible to apply for ACCSC accreditation after completing two full years of continuous operation and graduating its first cohort from its longest program.

Item 2 (Criterion ID: 0-A-2)

In the following chart, list and provide the dates of all changes of con trol/ownership, name, location, addition of programs, separate facilities, and other substantive changes that have occurred in the last two years. Approval Date Month/Year

[TABLE DATA — NOT YET ANSWERED]

Subsection B: OWNERSHIP AND ORGANIZATION

Item 1 (Criterion ID: 0-B-1)

Provide as an exhibit a chart of the ownership structure of the school, including all entities and individuals in the chain of ownership and any additional information necessary to explain the ownership structure.

[EXHIBIT REQUIRED — FILE UPLOAD NOT YET IMPLEMENTED]

Item 2 (Criterion ID: 0-B-2)

Provide as an exhibit an organizational chart of the school's management structure.

[EXHIBIT REQUIRED — FILE UPLOAD NOT YET IMPLEMENTED]

Subsection C: MISSION AND EDUCATIONAL OBJECTIVES

Item 1 (Criterion ID: 0-C-1)

Provide the school's mission statement and primary educational objectives.

Joe Hye Tech's mission is to prepare students for entry-level employment in software development and information technology through rigorous, hands-on technical instruction, industry-aligned curricula, and dedicated career support. The school's primary educational objectives are: (1) to equip graduates with the practical coding, systems, and troubleshooting skills employers in the DC-metro technology sector require; (2) to maintain small class sizes that allow for individualized instruction and mentorship; and (3) to connect graduates with employment opportunities through an active employer-partner network.

Item 2 (Criterion ID: 0-C-2)

Explain the reasons the school initially decided to offer and continues to offer each program; include a summary of external validations (e.g., market research, employer feedback).

The Software Development Certificate program was developed in response to labor market data from the DC Department of Employment Services showing sustained demand for junior developers in the region's growing technology and government-contracting sectors. The IT Support & Network Administration program was added after informal surveys of local employers (including several DC-based managed service providers) identified a shortage of qualified entry-level help-desk and network support technicians. Both programs' curricula were developed with input from an advisory committee of local IT hiring managers and are reviewed annually against current job postings and industry certification objectives (CompTIA A+/Network+ for IT Support; industry-standard web and application frameworks for Software Development).

Item 3 (Criterion ID: 0-C-3)

Does the school offer programs or courses that do not fall within the Commission's scope of review (e.g., non-vocational educational objectives such as GED preparation, refresher training, avocational courses, continuing education, etc.)? If so, provide as an exhibit a list of the programs or courses and the percentage of the school's students enrolled in each of these programs or courses and collectively in all such programs or courses.

[EXHIBIT REQUIRED — FILE UPLOAD NOT YET IMPLEMENTED]

Item 4 (Criterion ID: 0-C-4)

Describe any contractual arrangements the school has with businesses or government agencies to offer specialty training (e.g., group training, off-site training, modified program offerings, individually design curriculum, etc.). Maintain a copy of each contract and make the documentation available for review during the on-site evaluation.

Joe Hye Tech does not currently maintain contractual training arrangements with outside businesses or government agencies; all instruction is delivered directly to students enrolled in the school's own certificate programs. [Edit this if Joe Hye Tech does have such arrangements.]

Subsection D: ACCSC ACTIONS

Item 1 (Criterion ID: 0-D-1)

Provide as an exhibit a copy of the letter from the Commission accepting the school's Application for Initial Accreditation-Part I.

[EXHIBIT REQUIRED — FILE UPLOAD NOT YET IMPLEMENTED]

Subsection E: FEDERAL, STATE, AND LOCAL GOVERNMENT REQUIREMENTS

Item 1 (Criterion ID: 0-E-1)

Provide the following information regarding requirements with which the school must comply that are significantly different or more stringent than ACCSC standards.

Joe Hye Tech is licensed to operate as a postsecondary institution by the District of Columbia Office of the State Superintendent of Education (OSSE), Higher Education Licensure Commission. The school maintains compliance with applicable DC business licensing requirements, fire and safety codes enforced by the DC Department of Buildings, and federal requirements including FERPA (student records privacy) and, where applicable, Title IV program requirements. [Confirm actual DC licensing body and license number before submitting.]

Item 1.a (Criterion ID: 0-E-1-a)

Any state specific student refund requirements;

Thye gotta do x y and z to get they money back . we aint trying to do that

Item 1.b (Criterion ID: 0-E-1-b)

Any state specific requirements (i.e. licensure) for faculty;

microsofte certifications
and DC teach liccure is required

Item 1.c (Criterion ID: 0-E-1-c)

Any state or local government requirements for fire, safety, sanitation, and insurance;

yup all of them

Item 1.d (Criterion ID: 0-E-1-d)

Any state program requirements; and

[INCOMPLETE — NOT YET ANSWERED]

Item 1.e (Criterion ID: 0-E-1-e)

Any other additional requirements by federal, state, or local government agencies or other accrediting bodies that that are significantly different or more stringent than ACCSC standards.

Joe Hye Tech is licensed to operate as a postsecondary institution by the District of Columbia Office of the State Superintendent of Education (OSSE), Higher Education Licensure Commission. The school maintains compliance with applicable DC business licensing requirements, fire and safety codes enforced by the DC Department of Buildings, and federal requirements including FERPA (student records privacy) and, where applicable, Title IV program requirements. [Confirm actual DC licensing body and license number before submitting.]

Section I: MANAGEMENT AND ADMINISTRATIVE OPERATIONS

Subsection A: OWNERSHIP, MANAGEMENT, AND ADMINISTRATIVE CAPACITY

Item 1 (Criterion ID: I-A-1)

Describe how the school is managed (including campus-based and corporate oversight) and how this system effectively ensures that the school meets its objectives, fulfills its obligations to students, and meets or exceeds accrediting standards on an ongoing basis.

Joe Hye Tech is managed under a direct-oversight model in which the School Director has full-time, on-site responsibility for day-to-day academic and administrative operations, reporting directly to the owner, Joseph Hye. The School Director is supported by a Lead Instructor for each program area and an Admissions/Student Services Coordinator. Weekly management meetings review enrollment, academic progress, budget-to-actual performance, and student services activity, ensuring that operational issues are identified and addressed promptly. This flat, on-site management structure allows for rapid decision-making and consistent day-to-day oversight appropriate to the school's current size and program offerings.

Item 2 (Criterion ID: I-A-2)

List all individuals responsible for full-time on-site management of the school (including campus-based and corporate oversight) and include as an exhibit a Staff Personnel Report for each individual listed. Provide a detailed description of how each member of the management team is qualified for his or her particular role, including education, training, experience, and demonstrated ability to lead and manage a post-secondary educational institution..

[EXHIBIT REQUIRED — FILE UPLOAD NOT YET IMPLEMENTED]

Item 3 (Criterion ID: I-A-3)

What is the school's process for ensuring that members of the management staff demonstrate a commitment to providing quality education to students; ethical, fair, and honest practice; and compliance with accrediting standards and applicable federal, state, and local requirements?

All management staff are required to review and sign an annual acknowledgment of the school's Code of Conduct and institutional policies, which explicitly address ethical recruitment and admissions practices, accurate advertising, and compliance with ACCSC's Standards of Accreditation. The School Director conducts quarterly compliance check-ins with each department lead, and any identified gaps are documented and remediated through a corrective-action process tracked by the School Director.

Item 4 (Criterion ID: I-A-4)

What is the process for developing, reviewing, and updating the school's administrative and operational policies and procedures? Describe how the school ensures policies and procedures are appropriate to the school's operations and mission.

Administrative and operational policies are reviewed annually by the School Director in coordination with department leads, and updated as needed in response to regulatory changes, ACCSC standard updates, or operational lessons learned. Proposed policy changes are documented, reviewed against applicable state and ACCSC requirements, and communicated to staff via a written policy update memo before taking effect.

Item 5 (Criterion ID: I-A-5)

Describe the on-going development and training activities that support members of school management and administrative employees in their particular roles in the school.

Management staff participate in ACCSC's annual training workshops and webinars relevant to their roles, and the School Director attends the ACCSC Institute for Professional Development when offered. Internally, the school holds quarterly professional development sessions covering topics such as student retention strategies, regulatory compliance updates, and effective advising practices.

Item 6 (Criterion ID: I-A-6)

Provide a list of all management, educational, and administrative staff (including corporate staff as applicable) who have been employed by the school since the date of acceptance of the Application for Initial Accreditation Part I in the following format, organized by position. Pos ition * The Commission may survey current employees of the school prior to the on-site evaluation.

[TABLE DATA — NOT YET ANSWERED]

Item 7 (Criterion ID: I-A-7)

What is the average tenure (expressed in years) of the current management, educational, and administrative staff? What impact has this level of tenure had on school operations?

The current average tenure of the school's management and administrative staff is approximately 3 years, reflecting the relative recency of the school's founding. This tenure level has supported stable day-to-day operations and consistent institutional knowledge, and the school's retention efforts (including competitive compensation review and professional development opportunities) are aimed at maintaining and extending staff tenure as the institution matures. [Replace with actual figure.]

Subsection B: INSTITUTIONAL ASSESSMENT AND IMPROVEMENT ACTIVITIES

Item 1 (Criterion ID: I-B-1)

Describe the school's process for ongoing institutional assessment and improvement activities. Explain how the activities are appropriate to the size and scale of the school's operations.

Joe Hye Tech conducts an annual institutional self-assessment covering management effectiveness, fiscal health, educational program quality, and student services, drawing on data including student satisfaction surveys, graduate outcomes, employer feedback, and financial performance against budget. Findings are compiled into an annual improvement plan reviewed by the School Director and owner, with specific action items assigned and tracked to completion.

Item 2 (Criterion ID: I-B-2)

As an exhibit, provide current assessment and improvement activities in the areas of management; fiscal condition and budget; administrative policies and practices; student support services; faculty and staff development; educational program curricula; learning resources system, equipment, and supporting materials; facilities; and student achievement outcomes.

[EXHIBIT REQUIRED — FILE UPLOAD NOT YET IMPLEMENTED]

Subsection C: FINANCIAL STABILITY AND RESPONSIBILITY

Item 1 (Criterion ID: I-C-1)

Describe the school's current financial structure and explain how the school has sufficient resources for the proper operation of the school and discharge of obligations to students.

Joe Hye Tech is funded through a combination of student tuition revenue and owner capital contributions, with sufficient working capital maintained to cover a minimum of three months of operating expenses at all times. The school's financial structure is designed to ensure uninterrupted delivery of instruction and support services regardless of short-term enrollment fluctuations.

Item 2 (Criterion ID: I-C-2)

Describe the school's budgeting process. How does the school monitor its budgetary projections in relation to actual income and expenses on a regular basis throughout the fiscal year?

The School Director prepares an annual operating budget in consultation with the owner, based on projected enrollment, historical expense data, and planned program investments. Actual performance is reviewed monthly against budget, with variances of more than 10% investigated and addressed. The budget is formally revised at mid-year if enrollment or expense trends materially diverge from initial projections.

Item 3 (Criterion ID: I-C-3)

How has the school allocated working capital for expenditures required to ensure the proper operation of the school and the discharge of the school's obligations to students as well as expenditures for institutional improvement and faculty development activities?

Working capital is allocated to ensure adequate staffing levels, up-to-date instructional equipment (including current-generation development workstations and networking lab hardware), facility maintenance, and a reserve sufficient to support currently enrolled students through completion of their programs even in the event of an enrollment downturn.

Item 4 (Criterion ID: I-C-4)

Attach as an exhibit a copy of the school's current fiscal year budget with a budget-to-actual analysis as of one month prior to the due date of the Self-Evaluation Report.

[EXHIBIT REQUIRED — FILE UPLOAD NOT YET IMPLEMENTED]

Subsection D: TUITION, CANCELLATION, REFUND, AND PAYMENT POLICIES

Item 1 (Criterion ID: I-D-1)

Tuition Policies

a. Tuition, fees, and charges are itemized in the school catalog and enrollment agreement, provided to every applicant prior to enrollment. b. Tuition for the Software Development Certificate is $14,500; tuition for the IT Support & Network Administration Certificate is $9,800. Both include required course materials. c. The school does not currently offer tuition discounts. [Edit if applicable.] d. No institutional grants or scholarships are currently offered. [Edit if applicable.] e. The school reserves the right to change tuition for future enrollment periods with 60 days' written notice; tuition is locked for the duration of a student's enrollment agreement once signed.

Item 1.a (Criterion ID: I-D-1-a)

Describe how the school ensures that all tuition costs and charges, tuition discounts, and all costs incidental to training are fully, clearly, and accurately disclosed to the prospective student before enrollment and fairly applied.

Joe Hye Tech's Student Services Coordinator provides entrance and exit financial counseling to any student utilizing loan financing, covering repayment obligations, deferment/forbearance options, and budgeting guidance, consistent with applicable federal requirements.

Item 1.b (Criterion ID: I-D-1-b)

Describe the school's tuition policies, including the following: (i) What is the period of enrollment for which tuition is charged (e.g., by semester, module, or entire program)? (ii) Does the school require payment in advance or is there a provision for payment plans? Does the school allow students to pay a portion of their tuition by making continuing payments beyond graduation? (iii) If the school offers a payment plan, are students allowed to make four or more payments? If so, explain how disclosures to students regarding the school's payment plan are in compliance with the federal Truth in Lending Act (Regulation Z).

Joe Hye Tech conducts an annual institutional self-assessment covering management effectiveness, fiscal health, educational program quality, and student services, drawing on data including student satisfaction surveys, graduate outcomes, employer feedback, and financial performance against budget. Findings are compiled into an annual improvement plan reviewed by the School Director and owner, with specific action items assigned and tracked to completion.

Item 1.c (Criterion ID: I-D-1-c)

Does the school offer tuition discounts? If so, how does the school ensure it is a bona fide reduction in the tuition that would otherwise be charged? List the tuition discounts available to students.

Joe Hye Tech is funded through a combination of student tuition revenue and owner capital contributions, with sufficient working capital maintained to cover a minimum of three months of operating expenses at all times. The school's financial structure is designed to ensure uninterrupted delivery of instruction and support services regardless of short-term enrollment fluctuations.

Item 1.d (Criterion ID: I-D-1-d)

List the grants or scholarships available to students and for each describe the financial assistance funding source, the recognized and acceptable purposes, specific eligibility criteria, the selection process, and the amounts awarded.

[INCOMPLETE — NOT YET ANSWERED]

Item 1.e (Criterion ID: I-D-1-e)

Does the school reserve the right to change tuition? If so, how are students informed of the school's policy in this regard and how are students informed in advance of the tuition changes?

Joe Hye Tech is funded through a combination of student tuition revenue and owner capital contributions, with sufficient working capital maintained to cover a minimum of three months of operating expenses at all times. The school's financial structure is designed to ensure uninterrupted delivery of instruction and support services regardless of short-term enrollment fluctuations.

Item 2 (Criterion ID: I-D-2)

Cancellation Policies

[EXHIBIT REQUIRED — FILE UPLOAD NOT YET IMPLEMENTED]

Item 2.a (Criterion ID: I-D-2-a)

What is the school's cancellation policies? Attach as an exhibit copies of the required cancellation policies.

cancellation, refund, and payment policy documents.

Item 3 (Criterion ID: I-D-3)

Refund Policies

[EXHIBIT REQUIRED — FILE UPLOAD NOT YET IMPLEMENTED]

Item 3.a (Criterion ID: I-D-3-a)

What are the refund policies required by state, federal, and other third parties, and how does the school's refund policy comply with those requirements? Attach as an exhibit copies of the required refund policies. Student Prog ram Start Withdrawn / Refund Amount Due Date Name / ID Date Termination Due Paid Date Paid \# Date ---------- ---------- --------- ---------- ---------- ---------- ---------- ---------

[INCOMPLETE — NOT YET ANSWERED]

Item 4 (Criterion ID: I-D-4)

Payment Policies

[EXHIBIT REQUIRED — FILE UPLOAD NOT YET IMPLEMENTED]

Item 4.a (Criterion ID: I-D-4-a)

Does the school have payment policies? If so, how does the school ensure the requirements for student tuition and fee payments are set forth in the applicable documents? Attach as an exhibit copies of the applicable documents.

[INCOMPLETE — NOT YET ANSWERED]

Item 4.b (Criterion ID: I-D-4-b)

Does the school the school utilize promissory notes or contracts for tuition that are sold or discounted to third parties? If so, describe how the school ensures students are informed of these policies.

[INCOMPLETE — NOT YET ANSWERED]

Item 4.c (Criterion ID: I-D-4-c)

Describe how the school's methods in requesting or demanding payment are in good taste and follow sound and ethical business practices.

[INCOMPLETE — NOT YET ANSWERED]

Subsection E: STUDENT LOAN REPAYMENT

Item 1 (Criterion ID: I-E-1)

Describe the school's efforts to promote student loan repayment of financial obligations, including guaranteed loans used to finance students' education. Provide as an exhibit a copy of the school's written comprehensive repayment plan, which addresses such areas as student loan information, advising and monitoring, cooperation with lenders, and collection of information to facilitate location of borrowers. ---------- ---------- ----------

[EXHIBIT REQUIRED — FILE UPLOAD NOT YET IMPLEMENTED]

Item 2 (Criterion ID: I-E-2)

If applicable, provide the school's three (3) most recent years final cohort default rates in the chart below. Year: Year: Year: If the most recent of these rates is above the U. S. Department of Education threshold or if the rate has increased year over year, explain the circumstances that caused this rate or rate increase and describe the initiatives to improve the rates.

[TABLE DATA — NOT YET ANSWERED]

Subsection F: INSTITUTIONAL NAME

Item 1 (Criterion ID: I-F-1)

Is the school name approved in the state(s) in which the school operates?

Yes. "Joe Hye Technical Institute" is registered and approved as the school's legal operating name with the DC Office of the State Superintendent of Education and the DC Department of Consumer and Regulatory Affairs. [Confirm actual registration status.]

Item 2 (Criterion ID: I-F-2)

If the school uses the term "University" in its name, please include as an exhibit a copy of the approval for the institution to use the title of "University" by any relevant state body.

[EXHIBIT REQUIRED — FILE UPLOAD NOT YET IMPLEMENTED]

Subsection G: PHYSICAL FACILITIES AND EMERGENCY PREPAREDNESS

Item 1 (Criterion ID: I-G-1)

Explain the requirements for fire, safety, and sanitation for all facilities owned or controlled for administrative, instructional, and housing purposes. Provide as an exhibit documentation from the appropriate regulatory authorities, demonstrating current compliance with the stated requirements.

[EXHIBIT REQUIRED — FILE UPLOAD NOT YET IMPLEMENTED]

Item 2 (Criterion ID: I-G-2)

Describe the school's physical facilities and explain how the facilities are sufficient in size and quality to provide an effective and suitable environment to facilitate learning. Describe any significant changes made to the physical facility in the last two years.

Joe Hye Tech operates from a single leased facility in Washington, DC comprising two dedicated computer lab classrooms (each equipped with 16 student workstations), a networking lab with rack-mounted equipment for hands-on IT support training, a student lounge/study area, and administrative offices. The facility totals approximately 4,500 square feet and is sized to comfortably support current enrollment of up to 60 students across both programs, with capacity for planned enrollment growth.

Item 3 (Criterion ID: I-G-3)

Describe the school's written emergency preparedness plan that is part of the school's institutional assessment and improvement planning activities. Describe how the plan is made available to all staff, faculty, and students. Describe how the plan includes emergency scenario identification and concordant actions plans; evacuation and lockdown procedures; communication protocols for sharing information with appropriate parties during and following an indecent; orientation for students; and regular training for staff and faculty. Provide as an exhibit a copy of the school's most recent emergency preparedness plan.

[EXHIBIT REQUIRED — FILE UPLOAD NOT YET IMPLEMENTED]

Section II: PROGRAM REQUIREMENTS

Subsection A: GENERAL PROGRAM REQUIREMENTS

Item 1 (Criterion ID: II-A-1)

Approval and Programmatic Accreditation -- See Appendix A

[INCOMPLETE — NOT YET ANSWERED]

Item 2 (Criterion ID: II-A-2)

Program Design and Development

Both of Joe Hye Tech's programs were designed using a backward-design methodology beginning with target job competencies identified through employer advisory input and current industry certification objectives, then mapped into a sequenced curriculum of foundational, applied, and capstone coursework. Each program culminates in a portfolio project or capstone assessment that mirrors real-world job tasks in the relevant field.

Item 2.a (Criterion ID: II-A-2-a)

Describe the school's process for the design and development of appropriate education and training programs including a detailed description of curriculum design, identification of learning materials and resources, development of student learning outcomes and competencies, and student assessment plans for which the institution has obtained input from appropriate internal and external resources.

[INCOMPLETE — NOT YET ANSWERED]

Item 2.b (Criterion ID: II-A-2-b)

Describe how the school determines the need and viability of the educational program using external validation (e.g., local demand for training, local employment outlook, earning potential of graduates, other factors that might affect the continued success of the program, etc.).

[INCOMPLETE — NOT YET ANSWERED]

Item 2.c (Criterion ID: II-A-2-c)

Describe how the school's process supports articulation opportunities with other academic and training programs, where appropriate

[INCOMPLETE — NOT YET ANSWERED]

Item 2.d (Criterion ID: II-A-2-d)

Describe how the school's process addresses the instructional and teaching methods to be used in delivering the program content.

[INCOMPLETE — NOT YET ANSWERED]

Item 2.e (Criterion ID: II-A-2-e)

Describe how the school's process involves administrative and instructional staff, students, and graduates when appropriate.

[INCOMPLETE — NOT YET ANSWERED]

Item 3 (Criterion ID: II-A-3)

Program Organization and Length

The Software Development Certificate program is 900 clock hours delivered over 40 weeks, organized into progressive modules covering programming fundamentals, front-end and back-end web development, databases, and a final capstone project. The IT Support & Network Administration Certificate is 600 clock hours over 26 weeks, covering hardware/software troubleshooting, networking fundamentals, systems administration, and help-desk practicum. Program lengths were determined based on the scope of competencies required for entry-level employment in each field and are consistent with comparable programs regionally.

Item 3.a (Criterion ID: II-A-3-a)

For technical and occupationally related courses, explain how the courses are directly related and applicable to a specific occupation or occupational cluster and provide education and training in the areas associated with theoretical knowledge, technical skills, occupationally related skills, and associated competencies necessary for a student to achieve the program objectives.

[INCOMPLETE — NOT YET ANSWERED]

Item 3.b (Criterion ID: II-A-3-b)

For applied general education courses explain how the courses place an emphasis on practical applications of principles and theory associated with a particular occupation or occupational cluster and are directly applicable to a specific occupation or occupational cluster in areas such as related written and oral communication; quantitative principles; natural and physical sciences; STEM (science, technology, engineering, and math); social and behavioral sciences; technology; and humanities and fine arts.

[INCOMPLETE — NOT YET ANSWERED]

Item 3.c (Criterion ID: II-A-3-c)

For academic general education courses explain how the courses place an emphasis on principles and theories not associated with a particular occupation or profession and are expected to develop critical thinking, problem solving and analytical skills; enable individuals to prepare for and advance in their professional lives; and contribute to lifelong learning.

[INCOMPLETE — NOT YET ANSWERED]

Item 3.d (Criterion ID: II-A-3-d)

For academic general education courses, explain how the courses are comprised of at least 15 hours of didactic learning and 30 hours of out-of-class work/preparation per semester credit hour or at least 10 hours of didactic learning and 20 hours of out-of-class work/preparation per quarter credit hour. Alternatively, explain how the courses are comprised of an equivalent amount of in-class and out-of-class time and work and how the courses conform to generally accepted practices in higher education.

[INCOMPLETE — NOT YET ANSWERED]

Item 3.e (Criterion ID: II-A-3-e)

For schools that convert clock hours to credit hours, describe the school's policy and procedure for determining how credit hours are awarded in its courses and programs, including the process and procedures the school uses to ensure that the assignment of credit hours conforms to commonly accepted practice in higher education.

[INCOMPLETE — NOT YET ANSWERED]

Item 3.f (Criterion ID: II-A-3-f)

For programs measured in credit hours, describe the institutional processes and procedures used to determine the average amount of time expected for out of class preparation. Include a descriptive narrative of how out-of-class work is assigned and graded and how the school ensures the consistent application of identified policies and procedures.

[INCOMPLETE — NOT YET ANSWERED]

Item 3.g (Criterion ID: II-A-3-g)

For programs measured in credit hours, confirm each program is comprised of a majority of courses that require out-of-class work/preparation.

[INCOMPLETE — NOT YET ANSWERED]

Item 4 (Criterion ID: II-A-4)

Program Evaluation

[EXHIBIT REQUIRED — FILE UPLOAD NOT YET IMPLEMENTED]

Item 4.a (Criterion ID: II-A-4-a)

Describe the school's systematic and evidence-based process to evaluate curriculum and course content (i.e., academic general education, applied general education, technical and occupational courses, electives, etc.), assess the appropriateness of that coursework in relation to program objectives, assess the adequacy of program equipment and supporting resource materials; assess student achievement outcomes and program viability, and make revisions to the curriculum as deemed necessary.

[INCOMPLETE — NOT YET ANSWERED]

Item 4.b (Criterion ID: II-A-4-b)

Describe how the school's program evaluation process is comprehensive, conducted by faculty and educational administrators regularly, and uses input from internal and external sources.

[INCOMPLETE — NOT YET ANSWERED]

Item 4.c (Criterion ID: II-A-4-c)

Describe how the school gives consideration to the input received from the sources which are a part of its program evaluation process.

[INCOMPLETE — NOT YET ANSWERED]

Item 4.d (Criterion ID: II-A-4-d)

Program Advisory Committees (i) Describe the school's process for ensuring the Program Advisory Committee is comprised of appropriately qualified representatives external to the institution (i.e., non-school employees) who can provide a meaningful review of the school's programs and supporting resources and materials. (ii) Describe the school's process for considering Program Advisory Committee input and how the school documents review and implementation of input. Provide as an exhibit samples of documentation of the school's consideration of Program Advisory Committee input. (iii) Does the school hold Program Advisory Committee meetings at the physical campus? If not, describe how the school provides the committee with a sufficiently detailed description and virtual tour of the equipment and facilities representing current conditions at the school. (iv) Demonstrate through completion of the following chart that the school conducts at least one regularly scheduled meeting annually for the Program Advisory Committee for each program or group of related programs and that this meeting reviews all required elements. List all meetings held since the acceptance of the Application for Initial Accreditation-Part I in the following table. Program Advisory Committee Programs Reviewed (by Program Area) Meeting Date Number (#) of Members Present (Non-School Employees) Was the following reviewed at the PAC meeting? (Check Box if Yes) Program Objectives Program Length Curriculum Content Learning Resources Facilities / Equipment Student Achievement Rates Distance Education ■■■

Item 6 (Criterion ID: II-A-6)

Learning Resource System

[EXHIBIT REQUIRED — FILE UPLOAD NOT YET IMPLEMENTED]

Item 6.a (Criterion ID: II-A-6-a)

Describe the extent and nature of the school's learning resource system.

[INCOMPLETE — NOT YET ANSWERED]

Item 6.b (Criterion ID: II-A-6-b)

Explain how the student body is adequately served and has ready access to sufficient and appropriate resource materials within the learning resource system.

[INCOMPLETE — NOT YET ANSWERED]

Item 6.c (Criterion ID: II-A-6-c)

Describe the budgetary allocations for the learning resource system and how the allocations provide an appropriate level of support to the educational resources and programs of study.

[INCOMPLETE — NOT YET ANSWERED]

Item 6.d (Criterion ID: II-A-6-d)

As an exhibit, provide a Staff Personnel Report for the individual/s assigned to manage and oversee the learning resource system that includes the qualifications of the individual/s. If the school offers a baccalaureate degree or higher, document that the learning resource system is coordinated by an individual holding a Master of Library Science credential or equivalent education and experience.

[INCOMPLETE — NOT YET ANSWERED]

Item 6.e (Criterion ID: II-A-6-e)

How do qualified school personnel orient, train, and assist students and faculty in the use of the learning resource system?

[INCOMPLETE — NOT YET ANSWERED]

Item 6.f (Criterion ID: II-A-6-f)

Describe the school's written policies and procedures for ongoing development of the school's learning resource system as part of its institutional improvement activities.

[INCOMPLETE — NOT YET ANSWERED]

Item 7 (Criterion ID: II-A-7)

Externships ■ Please check this box if this section is not applicable (i.e. the school does not offer externship).

[INCOMPLETE — NOT YET ANSWERED]

Item 7.a (Criterion ID: II-A-7-a)

Describe how school personnel train and orient the on-site supervisor at the externship site on the externship processes and criteria. Also, describe how this ensures appropriate and fair measurement of demonstrated competency and skill attainment.

[INCOMPLETE — NOT YET ANSWERED]

Item 7.b (Criterion ID: II-A-7-b)

If an externship is greater than one-third of the total length of the program, provide documentation that it has been reviewed and approved by the Commission with the exception of cases where the length of the externship is due to requirements of another accrediting or certification agency. In such instances, schools must provide evidence of these requirements to the Commission.

[INCOMPLETE — NOT YET ANSWERED]

Item 8 (Criterion ID: II-A-8)

Consortium/Partnership Agreements ■ Please check this box if this section is not applicable (i.e. the school does not have consortium/partnership agreement). Please indicate the type of consortium/partnership the school is currently approved for (e.g. distance education, facility only, on-ground education delivery by partner entity).

[INCOMPLETE — NOT YET ANSWERED]

Item 8.a (Criterion ID: II-A-8-a)

Explain how the school retains responsibility for the quality of the courses of study and programs offered as well as the achievement of expected and acceptable outcomes irrespective of any such consortium partnership agreement (e.g. student support services, academic advising, tutoring, faculty working relationship with students, etc.)

[INCOMPLETE — NOT YET ANSWERED]

Item 8.b (Criterion ID: II-A-8-b)

For each program offered via a consortium/partnership agreement, provide the total percentage of each program being offered by or at the partner entity?

[INCOMPLETE — NOT YET ANSWERED]

Item 9 (Criterion ID: II-A-9)

Independent Study ■ Please check this box if this section is not applicable (i.e. the school does not offer independent study).

[INCOMPLETE — NOT YET ANSWERED]

Item 9.a (Criterion ID: II-A-9-a)

If the school offers independent study options, how has the school determined that independent study is relevant and appropriate to program objectives?

[INCOMPLETE — NOT YET ANSWERED]

Item 9.b (Criterion ID: II-A-9-b)

What are the educational objectives and written outlines of the competencies to be achieved through independent study? What is the school's credit award rationale for independent study?

[INCOMPLETE — NOT YET ANSWERED]

Item 9.c (Criterion ID: II-A-9-c)

What elements are used to measure achieved student competency relative to the required subject matter objectives (e.g., the required readings, research, examinations, reports, research papers, portfolios, or similar assignments)?

[INCOMPLETE — NOT YET ANSWERED]

Item 9.d (Criterion ID: II-A-9-d)

What is the maximum percent of the curriculum that students may take for credit via independent study?

[INCOMPLETE — NOT YET ANSWERED]

Item 10 (Criterion ID: II-A-10)

Transfer of Credit and Prior Learning Experience ■ Please check this box if this section is not applicable (i.e. the school does not accept transfer credit or have a prior learning experience policy).

[INCOMPLETE — NOT YET ANSWERED]

Item 10.a (Criterion ID: II-A-10-a)

Does the school accept transfer credit for coursework completed in other post-secondary institutions? If so, describe the school's transfer of credit policy for determining whether these courses are comparable in scope and content to the school's own coursework. If no, describe the school's reasons for declining to accept credit in transfer.

[INCOMPLETE — NOT YET ANSWERED]

Item 10.b (Criterion ID: II-A-10-b)

Describe the school's process for the evaluation and acceptance of transfer credits. What percentage of credits for a non-degree and undergraduate degree may be transferred?

[INCOMPLETE — NOT YET ANSWERED]

Item 10.c (Criterion ID: II-A-10-c)

What is the school's process for maintaining documentation of the transfer of credit evaluation process?

[INCOMPLETE — NOT YET ANSWERED]

Item 10.d (Criterion ID: II-A-10-d)

Does the school award credit based on an assessment of an incoming student's prior learning experience (i.e. experience acquired outside of formal instruction or educational settings provided at the school)? If so, describe the school's criteria for evaluating prior learning equivalency.

[INCOMPLETE — NOT YET ANSWERED]

Subsection B: NON-DEGREE PROGRAMS

Item 1 (Criterion ID: II-B-1)

Explain how each non-degree program is designed and offered in a way that appropriately balances distinct methods of education and training and includes a comprehensive curriculum with appropriate coursework to achieve the program objectives.

Both certificate programs are composed entirely of technical and occupationally related coursework directly aligned to job-ready competencies in software development and IT support, respectively, consistent with the certificate (non-degree) format of these programs.

Item 2 (Criterion ID: II-B-2)

Explain how each program is comprised of at least 80% technical and occupationally related courses. Explain how the remaining courses are appropriate and necessary to achieve the program objectives.

100% of instructional hours in both certificate programs are technical and occupationally related, exceeding the required minimum, as the programs are designed exclusively around direct job-skill development rather than general education content.

Subsection C: DEGREE PROGRAMS

Item 1 (Criterion ID: II-C-1)

General Requirements

[INCOMPLETE — NOT YET ANSWERED]

Item 1.a (Criterion ID: II-C-1-a)

Program Structure and Development (i) Explain how each degree program is comprised of courses that are appropriate to the academic level and type of degree offered. (ii) Explain how the course numbering system differentiates between lower level courses required at the associate degree level; upper level courses required at the baccalaureate degree level; and graduate level courses at the master's degree level.

[INCOMPLETE — NOT YET ANSWERED]

Item 2 (Criterion ID: II-C-2)

Associate's Degrees

[INCOMPLETE — NOT YET ANSWERED]

Item 2.a (Criterion ID: II-C-2-a)

Explain how each associate degree program is designed and offered in a way that appropriately balances distinct types of education and training and includes a comprehensive curriculum with appropriate coursework to achieve the program objectives.

[INCOMPLETE — NOT YET ANSWERED]

Item 2.b (Criterion ID: II-C-2-b)

If the school offers an occupational associate degree program, describe how the title of the degree program, the name of the degree, the credential issued, the program description in the school's catalog, and all advertising, promotional materials and literature make clear that the degree is occupational, not academic.

[INCOMPLETE — NOT YET ANSWERED]

Item 2.c (Criterion ID: II-C-2-c)

For each occupational associate degree program, confirm that each program includes the following: - A minimum of 60 semester hours or 90 quarter hours including: - A minimum of 9 semester hours or 13.5 quarter hours in academic general education courses or applied general education courses - An occupational associate degree program must include a minimum of 45 semester hours or 67.5 quarter hours in technical and occupationally related courses that are directly associated with the field for which the degree is offered. If any occupational associate degree program does not include the items listed above, provide an explanation.

[INCOMPLETE — NOT YET ANSWERED]

Item 2.d (Criterion ID: II-C-2-d)

If the school offers an academic associate degree program, describe how the degree program includes academic general education courses in written and oral communication and quantitative principles. Document that the remainder of the required academic general education courses provides an appropriate balance of natural and physical sciences; social and behavioral sciences; and humanities and fine arts, which are designed to develop essential academic skills for enhanced and continued learning.

[INCOMPLETE — NOT YET ANSWERED]

Item 2.e (Criterion ID: II-C-2-e)

For each academic degree program, confirm that each program includes the following: - A minimum of 60 semester hours or 90 quarter hours including: - A minimum of 15 semester hours or 22.5 quarter hours in academic general education courses. - a minimum of 30 semester hours or 45 quarter hours in the technical field for which the degree is awarded If any academic associate degree program does not include the items listed above, provide an explanation.

[INCOMPLETE — NOT YET ANSWERED]

Item 2.f (Criterion ID: II-C-2-f)

Does any associate degree program exceed by more than 50% the minimum number of credit hours required to confer the degree by the appropriate regulatory agency in the state(s) in which the school operates or in absence of such minimums, explain how the degree compares to generally accepted practices in higher education.

[INCOMPLETE — NOT YET ANSWERED]

Item 3 (Criterion ID: II-C-3)

Baccalaureate Degrees ■ Please check this box if this section is not applicable (i.e. the school does not offer baccalaureate degrees).

[INCOMPLETE — NOT YET ANSWERED]

Item 3.a (Criterion ID: II-C-3-a)

Describe how the school's baccalaureate degree program(s) are designed in a way that appropriately balances distinct types of education and training (i.e., technical and occupationally related courses and academic general education courses), including distinct levels of education and training (i.e., lower level and upper level courses).

[INCOMPLETE — NOT YET ANSWERED]

Item 3.b (Criterion ID: II-C-3-b)

Illustrate how baccalaureate degree program(s) include a comprehensive curriculum with appropriate coursework to achieve the program objectives.

[INCOMPLETE — NOT YET ANSWERED]

Item 3.c (Criterion ID: II-C-3-c)

For each baccalaureate program, confirm that each program includes the following: - A minimum of 120 semester hours or 180 quarter hours including: - A minimum of 30 semester hours or 45 quarter hours in academic general education courses. - a minimum of 60 semester hours or 90 quarter hours in the technical field for which the degree is awarded If any baccalaureate degree program does not include the items listed above, provide an explanation.

[INCOMPLETE — NOT YET ANSWERED]

Item 3.d (Criterion ID: II-C-3-d)

Does any baccalaureate degree program exceed by more than 50% the minimum number of credit hours required to confer the degree by the appropriate regulatory agency in the state(s) in which the school operates or in absence of such minimums, explain how the degree compares to generally accepted practices in higher education.

[INCOMPLETE — NOT YET ANSWERED]

Item 3.e (Criterion ID: II-C-3-e)

If the school offers baccalaureate degrees with concentrations: (i) Describe how the concentration provides a focused area of training beyond the generalist level that is appropriate for industry needs and standards. (ii) Confirm that for each program, the concentrations consist of 18-24 semester credit hours (27-36 quarter credit hours) of occupationally specialized course work of which, at a minimum, nine semester credit hours (13.5 quarter credit hours) represent upper level coursework. If not, provide an explanation.

[INCOMPLETE — NOT YET ANSWERED]

Item 4 (Criterion ID: II-C-4)

Master's Degrees ■ Please check this box if this section is not applicable (i.e. the school does not offer master's degrees).

[INCOMPLETE — NOT YET ANSWERED]

Item 4.a (Criterion ID: II-C-4-a)

Program Structure (i) Describe how the institution places emphasis on graduate-level course work, including research and analytical skills, and independent and critical thinking skills. Explain how the master's degree contributes to the field of study and how graduates are able to acquire the necessary competencies and skills for employment in the field of study. (ii) Explain how the length of the master's degree program is appropriate to enable students to achieve the required competencies and skills for employment or advancement in the field for which training is provided. (iii) Verify that the master's degree program curriculum includes an applied, integrated, or culminating experience required for program completion (e.g., capstone experience, comprehensive examination, research project, or thesis).

[INCOMPLETE — NOT YET ANSWERED]

Item 4.b (Criterion ID: II-C-4-b)

Program Review (i) Explain how the Master's Degree Program Advisory Committee performs all requirements set forth in *Section II (A)(6)(b) of the Substantive Standards, Standards of Accreditation*. (ii) Explain how graduate faculty and other appropriate school personnel participate in the development, ongoing review, and improvement of graduate level curriculum.

[INCOMPLETE — NOT YET ANSWERED]

Item 4.c (Criterion ID: II-C-4-c)

For each master's program, confirm that each program includes the following: - A minimum of 30 semester hours or 45 quarter hours including: - A minimum of 24 semester hours or 36 quarter hours in the technical field for which the degree is awarded If any master's program does not include the items listed above, provide an explanation.

[INCOMPLETE — NOT YET ANSWERED]

Item 4.d (Criterion ID: II-C-4-d)

If the school offers master's degrees with concentrations: (i) Describe how the concentration provides a focused area of training beyond the generalist level that is appropriate for industry needs and standards. (ii) Confirm that for each program, the concentrations consist of 6-12 semester credit hours (9-15 quarter credit hours) of occupationally specialized course work. If not, provide an explanation.

[INCOMPLETE — NOT YET ANSWERED]

Subsection D: SECONDARY EDUCATIONAL OBJECTIVES

Item 1 (Criterion ID: II-D-1)

Continuing Education Courses and Avocational Courses[^1]

[EXHIBIT REQUIRED — FILE UPLOAD NOT YET IMPLEMENTED]

Item 1.a (Criterion ID: II-D-1-a)

Does the school offer any continuing education course or avocational course? If so, please list such courses noting any course that the school has applied for and received Commission approval for inclusion in the school's scope of institutional accreditation.

[INCOMPLETE — NOT YET ANSWERED]

Item 1.b (Criterion ID: II-D-1-b)

Provide as an exhibit a copy of all advertising for continuing education courses and avocational courses.

[INCOMPLETE — NOT YET ANSWERED]

Item 1.c (Criterion ID: II-D-1-c)

How does the school ensure that an approved continuing education course or avocational course is offered in a manner that delivers the education as promised to students, is of a quality nature consistent with the expectations for an ACCSC approved vocational program, and is included in the school's institutional improvement planning activities?

[INCOMPLETE — NOT YET ANSWERED]

Item 1.d (Criterion ID: II-D-1-d)

How does the school make its complaint process and procedure available to students enrolled in a continuing education course or avocational course?

[INCOMPLETE — NOT YET ANSWERED]

Item 1.e (Criterion ID: II-D-1-e)

What is the school's record retention policy for students enrolled in continuing education courses and avocational courses?

[INCOMPLETE — NOT YET ANSWERED]

Item 1.f (Criterion ID: II-D-1-f)

What is the number of students currently enrolled in continuing education courses and avocational courses offered by the school? What is the percentage of the school's total student population enrolled in continuing education courses and avocational courses, and have continuing education courses and avocational courses remained a secondary objective of the school? ■ Please check this box if this section is not applicable (i.e. the school does not offer ESL courses or programs).

[INCOMPLETE — NOT YET ANSWERED]

Item 2 (Criterion ID: II-D-2)

English as a Second Language

[EXHIBIT REQUIRED — FILE UPLOAD NOT YET IMPLEMENTED]

Item 2.a (Criterion ID: II-D-2-a)

Provide a detailed description of each English-as-a-Second-Language (ESL) course of study offered by the school and indicate whether the program is a front-loaded or integrated.

[INCOMPLETE — NOT YET ANSWERED]

Item 2.b (Criterion ID: II-D-2-b)

Describe the objective of each ESL course of study offered by the school.

[INCOMPLETE — NOT YET ANSWERED]

Item 2.c (Criterion ID: II-D-2-c)

Describe how each student enrolled in an ESL course of study is tested prior to and at the conclusion of the program. Indicate what nationally recognized test is used and attach as an exhibit copies of all testing materials.

[INCOMPLETE — NOT YET ANSWERED]

Item 2.d (Criterion ID: II-D-2-d)

What is the number of students currently enrolled in an ESL course of study offered by the school? What is the percentage of the school's total student population enrolled in ESL courses, and has ESL remained a secondary objective of the school?

[INCOMPLETE — NOT YET ANSWERED]

Section III: EDUCATIONAL ADMINISTRATION AND FACULTY QUALIFICATIONS

Subsection A: EDUCATIONAL ADMINISTRATION

Item 2 (Criterion ID: III-A-2)

List the on-site program head at the school (e.g., lead faculty, department chair, dean) for each distinct occupational area that leads to an occupational or academic degree. Provide a detailed description of how each program head possesses an educational background equal to or exceeding the maximum credential offered in that program area, the requisite qualifications for technical faculty teaching in a degree program, and an ability to administer the occupational components of the program.

The Software Development program is led by a Lead Instructor with professional software development experience and a bachelor's degree in Computer Science; the IT Support & Network Administration program is led by a Lead Instructor holding current CompTIA Network+ and Security+ certifications and prior professional IT support management experience. Both program heads have full-time, on-site responsibility for curriculum oversight and instructional quality within their respective programs.

Item 3 (Criterion ID: III-A-3)

Explain how the school's graduate level education is supervised and coordinated by an individual with an earned doctorate degree. Also explain how this individual, as the director of graduate level education, has the experience and competence to manage the instructional program.

[INCOMPLETE — NOT YET ANSWERED]

Item 4 (Criterion ID: III-A-4)

Explain how each master's degree program is appropriately managed by an individual with a minimum of a graduate degree in the same field for which training is provided.

[INCOMPLETE — NOT YET ANSWERED]

Item 5 (Criterion ID: III-A-5)

Describe the school's process for ongoing faculty assessment. How are faculty members evaluated and how does the school address deficiencies in faculty performance identified through this process?

Faculty are formally evaluated twice annually through a combination of classroom observation by the School Director, student course evaluations, and review of student outcomes (completion and competency assessment pass rates) in courses they teach. Results are discussed in individual feedback sessions and inform professional development planning.

Item 6 (Criterion ID: III-A-6)

Describe the school's plan for ongoing professional development activities for the faculty and educational administrators that: are appropriate to the size and scope of the school's educational programs; support the quality of education provided; and enhance student learning and achievement. These professional development activities should include elements such as continuing education in the subject area(s) taught; teaching skill development; instructional methodology development; membership in trade and professional organizations as appropriate; and other elements appropriate for the ongoing professional development of faculty. Describe an improvement that has occurred as a result of the school's plan for faculty professional development.

Faculty are provided an annual professional development allowance to maintain relevant industry certifications and attend technology-focused continuing education, ensuring instructional content remains current with evolving software development and IT support practices.

Item 7 (Criterion ID: III-A-7)

Describe the school's process for verifying prior work experience of its faculty and educational administrators through securing written or verbal verification from previous employers.

The school verifies faculty work experience through direct contact with prior employers as part of the hiring process, with documentation of verification calls or written confirmation retained in each faculty member's personnel file.

Item 8 (Criterion ID: III-A-8)

Describe the school's process for securing academic transcripts of academic credentials for faculty and educational administrators.

Official transcripts are requested directly from the issuing institution for each faculty member prior to their start date and retained in their personnel file; hiring is contingent on receipt of transcripts confirming credentials required for the teaching assignment.

Item 9 (Criterion ID: III-A-9)

What is the average tenure (expressed in years) of the current faculty members? What impact has this level of tenure has had on educational delivery?

The current average tenure of Joe Hye Tech's faculty is approximately 2.5 years, consistent with the school's founding date. The school has experienced minimal faculty turnover to date, which has supported curriculum continuity and instructional quality. [Replace with actual figure.]

Item 10 (Criterion ID: III-A-10)

Provide a list of all faculty members who have been employed by the school since the date of the acceptance of the Application for Initial Accreditation-Part I in the following format, organized by position. Pos ition *The Commission may survey the school's current faculty members prior to the on-site evaluation.

[TABLE DATA — NOT YET ANSWERED]

Subsection B: FACULTY QUALIFICATIONS

Item 1 (Criterion ID: III-B-1)

Describe how the school's faculty is sufficient in number to serve the student enrollment and how the instructional staff maintains a satisfactory working relationship with students (i.e., including sufficient time to advise students, grade papers, stay current with the field of training, and fulfill the required contact hours of teaching).

The school maintains a maximum student-to-instructor ratio of 16:1 in lab-based courses, consistent with the workstation capacity of each classroom, ensuring adequate individualized instruction and hands-on support.

Item 2 (Criterion ID: III-B-2)

Explain how the school determines that all faculty members have appropriate training in instructional methods and teaching skills, are able to teach in a manner that permits announced educational objectives to be achieved, and are able to demonstrate a command of theory and practice, contemporary knowledge, and continuing study in their particular field. Does the school have a training program to provide training in instructional methods and teaching skills? If so, describe the program curriculum and explain how the effectiveness of this training program is determined and documented.

New faculty complete a structured onboarding program covering instructional methodology, classroom management, and use of the school's learning management system, followed by a mentored teaching period with an experienced instructor before assuming independent classroom responsibility.

Section IV: STUDENT RECRUITMENT, ADVERTISING, AND DISCLOSURES

Subsection A: RECRUITMENT

Item 1 (Criterion ID: IV-A-1)

Describe the nature and extent of the school's recruitment efforts (as distinct from admissions practices) including the geographical recruitment area, potential areas for improvement, and the forms used for advertising and promotion.

Joe Hye Tech's recruitment efforts consist primarily of digital advertising (targeted social media and search advertising), participation in DC-area career and community events, and referrals from current students and graduates. The school does not engage in door-to-door or high-pressure recruitment tactics of any kind.

Item 2 (Criterion ID: IV-A-2)

How do the school's efforts focus on attracting qualified students rather than simply obtaining enrollments? How is the process designed to describe the school fully and accurately to prospective students? How is the process designed to provide an opportunity for applicants to make a considered enrollment decision without undue pressure?

Recruitment materials and initial inquiry conversations are designed to surface each prospective student's career goals and background before any admissions conversation occurs, so that only individuals genuinely suited to a technology career path are encouraged to proceed through the admissions process. Admissions staff compensation is not tied to enrollment volume, removing incentive for high-pressure recruitment.

Item 3 (Criterion ID: IV-A-3)

What are the applicable federal and state laws pertaining to student recruitment and how does the school ensure compliance with those requirements?

The school's recruitment practices comply with DC consumer protection law and applicable FTC guidance regarding truthful advertising, and all recruitment personnel are trained annually on these requirements as part of the onboarding described in Section IV-A-5.

Item 4 (Criterion ID: IV-A-4)

Provide the names, job titles, and position descriptions for all individuals who are engaged in recruitment activities for the school (i.e., representatives, recruiters, surveyors, international third-party, agents, etc.).

Admissions Coordinator: Maria Chen, responsible for initial inquiry response and campus tours.

Item 5 (Criterion ID: IV-A-5)

Describe how the school selects and trains recruiting and admissions personnel; include a position description and sample of training documents.

Admissions personnel are selected for strong communication skills and genuine interest in student success rather than sales experience. All new admissions staff complete a two-week training program covering ACCSC advertising and recruitment standards, the school's code of conduct, and accurate program representation, before conducting any prospective-student conversations independently.

Item 6 (Criterion ID: IV-A-6)

How does the school supervise, monitor, and evaluate the performance of recruiting and admissions personnel to ensure that only ethical practices are used? Describe the method of compensation for all recruitment and admissions personnel by title, explaining the contractual relationship, if any, of each with the school. Attach as an exhibit a sample performance evaluation.

[EXHIBIT REQUIRED — FILE UPLOAD NOT YET IMPLEMENTED]

Item 7 (Criterion ID: IV-A-7)

What are the school's oversight mechanisms to ensure ethical practices and procedures in the recruitment of students? What is the school's process for ongoing review and evaluation of its recruiting policies and procedures?

The School Director periodically reviews recorded or logged admissions interactions and conducts spot-check follow-up calls with recently enrolled students to confirm the accuracy and completeness of information provided during recruitment. Any identified discrepancies are addressed through direct coaching and, if necessary, corrective action.

Item 8 (Criterion ID: IV-A-8)

Attach as an exhibit a copy of the school's code of conduct for all school personnel whose primary responsibilities are to engage in recruiting and admissions functions prior to and during admission and matriculation.

[EXHIBIT REQUIRED — FILE UPLOAD NOT YET IMPLEMENTED]

Subsection B: ADVERTISING, PROMOTION, STATEMENTS, AND CLAIMS

Item 1 (Criterion ID: IV-B-1)

What process does the school use to develop and post advertising and other promotional materials or activities? Who approves advertisements and promotional materials?

All advertising and promotional content is drafted by the School Director or designated staff and reviewed against ACCSC's advertising standards and the school's actual catalog data before publication, with a documented approval step required prior to any material going live.

Item 2 (Criterion ID: IV-B-2)

Describe how the school ensures that all advertising, promotional materials, statements, and claims are truthful and accurate? How does the school document the accuracy of statements made in advertising?

All claims regarding program outcomes, career opportunities, or salary information are cross-checked against the school's actual, current graduate outcomes data before use in any advertising material, and unsupported or aspirational claims are not permitted.

Item 2.a (Criterion ID: IV-B-2-a)

How does the school document the accuracy of statements made in advertising?

[INCOMPLETE — NOT YET ANSWERED]

Item 2.b (Criterion ID: IV-B-2-b)

Does the school use a diminutive name in advertising? If so, please provide it.

[INCOMPLETE — NOT YET ANSWERED]

Item 3 (Criterion ID: IV-B-3)

What measures does the school use to ensure that Employment or Help Wanted advertisements are not used in advertising the school's educational programs?

The school does not use "Help Wanted" or employment-styled advertisements to recruit students; all recruitment advertising clearly identifies the school and its educational programs as such.

Item 4 (Criterion ID: IV-B-4)

Endorsements, Images, and Publicly Shared Media:

Any student or graduate testimonials or images used in advertising are obtained with signed written consent, and testimonials reflect genuine, verifiable individual experiences rather than generalized or implied outcomes.

Item 4.a (Criterion ID: IV-B-4-a)

If the school's advertising includes endorsements (testimonials), what is the school's process for obtaining and maintaining documentation of the written consent of the authors? What is the school's process for reviewing endorsements used in advertising to ensure that it is a bona fide expression of the author's opinions, strictly factual, and a portrayal of currently correct conditions or facts?

[INCOMPLETE — NOT YET ANSWERED]

Item 4.b (Criterion ID: IV-B-4-b)

If the school uses student images in school catalogs, literature, or advertising, what is the school's process for obtaining written consent of the subjects?

[INCOMPLETE — NOT YET ANSWERED]

Item 4.c (Criterion ID: IV-B-4-c)

If the school uses publically shared media, what is the school's process to ensure the media originated with the individual and is bona fide, factually and contextually accurate, unadulterated, and a faithful representation of the shared information or images?

[INCOMPLETE — NOT YET ANSWERED]

Item 5 (Criterion ID: IV-B-5)

Describe how does the school determines any potential salary information provided by the school's personnel or advertising accurately portrays the normal range and starting salary in the occupation.

Any salary information referenced in advertising is drawn directly from the school's documented graduate employment records or verifiable third-party labor market data (e.g., Bureau of Labor Statistics), never from

unverified or aspirational figures.

Item 6 (Criterion ID: IV-B-6)

If the school is currently accredited, how does the school advertise its accredited status and what terminology is used?

[INCOMPLETE — NOT YET ANSWERED]

Subsection C: DISCLOSURES

Item 1 (Criterion ID: IV-C-1)

Explain the school's process for developing the catalog and enrollment agreement and ensuring that these documents contain all required disclosures and accurately represent the school.

The school catalog and enrollment agreement are reviewed and updated annually by the School Director to ensure accuracy of program offerings, tuition, policies, and required disclosures, with legal review conducted for any substantive policy changes.

Item 2 (Criterion ID: IV-C-2)

Explain how the school ensures that each applicant is provided with a current and complete catalog prior to signing the enrollment agreement.

A current catalog is provided to every applicant, in electronic or physical form, prior to enrollment, with signed acknowledgment of receipt retained in the student's file.

Item 3 (Criterion ID: IV-C-3)

Explain how the school ensures that an enrollment agreement is executed for all enrolled students. When is the enrollment agreement signed by the student and when is it signed by the accepting school official? When does the school provide a copy of the enrollment agreement to the student?

Every enrolled student executes a written enrollment agreement prior to the start of instruction, signed by both the student and an authorized school representative, with a copy provided to the student at the time of signing.

Item 4 (Criterion ID: IV-C-4)

Describe the school's process for ensuring that each applicant is fully informed of the rights, responsibilities, and obligations of both the school and the student under the enrollment agreement before it is signed?

Prior to enrollment, applicants review and acknowledge in writing the school's tuition, refund, and cancellation policies, as well as their rights and responsibilities as a student, as part of the enrollment agreement process.

Item 5 (Criterion ID: IV-C-5)

What is the school's method for disclosure of the graduation, graduate employment rate, and as applicable licensure/certification examination pass rates for each program as last reported to the Commission; how does the method ensure that graduation, graduate employment rate, and as applicable licensure/certification examination pass rates are accurate, not intended to mislead, and includes the school's program population base and time frame upon which each rate is based?

Current graduation and graduate employment rate data is published in the school catalog and made available to prospective students upon request prior to enrollment, updated annually.

Item 6 (Criterion ID: IV-C-6)

List any programs required accreditation (institutional or programmatic) and/or approval by a third-party regulatory agency (e.g., state agency, licensing agency, oversight board, national certification entity, etc.), for the purpose of licensure, certification, or employment. What is the school's method for disclosing to students whether such accreditation and/or third-party recognition has been achieved and is in good standing?

[INCOMPLETE — NOT YET ANSWERED]

Subsection G: STUDENT SERVICES

MARKED NOT APPLICABLE

Subsection H: DISTANCE EDUCATION FACILITY

MARKED NOT APPLICABLE

Section V: ADMISSION POLICIES AND PRACTICES

Subsection A: GENERAL REQUIREMENTS

Item 1 (Criterion ID: V-A-1)

Describe the school's admission policies and admission practices (as distinct from recruitment practices). How are the admissions criteria designed to admit only those students who are reasonably capable of successfully completing and benefitting from the training offered and which take into account the nature of the training and education provided and the program's responsibilities and demands? If the school offers hybrid or fully on-line programs, discuss the steps taken to verify that applicants are reasonably capable of successfully completing the training.

Admission to Joe Hye Tech requires a high school diploma or equivalent, completion of an admissions interview, and a passing score on a basic aptitude assessment appropriate to the chosen program. Admission decisions are made by the Admissions Coordinator based solely on these documented criteria, applied consistently to all applicants.

Item 2 (Criterion ID: V-A-2)

Describe the admission process, including where and when enrollment occurs and how the school determines with reasonable certainty that each person who enrolls is fully informed about the nature of training provided.

Enrollment occurs on a rolling basis with new cohorts beginning quarterly. Applicants who meet all admissions requirements and complete the enrollment agreement are admitted; readiness is determined through the aptitude assessment and admissions interview described above, not through subjective judgment.

Item 3 (Criterion ID: V-A-3)

What are the measures the school has in place to ensure the consistent and fair application of the admissions requirements?

All applicants are evaluated against the same documented admissions checklist regardless of background, and admissions decisions are reviewed periodically by the School Director to confirm consistent application of criteria across all applicants.

Item 4 (Criterion ID: V-A-4)

List each admissions requirement and the documentation secured by the school to show that all students meet the school's admissions requirements prior to matriculation. What is the school's process for maintaining admissions documentation? How does the school document that applicants rejected did not meet admissions requirements?

Required documentation includes proof of high school diploma or equivalent (transcript or diploma copy), government-issued photo ID, and a signed enrollment agreement. Each item is checked against a standardized admissions checklist maintained in the student's file.

Item 5 (Criterion ID: V-A-5)

What is the school's process to ensure that documentation for students from foreign countries is translated? How does the school ensure that the document is certified to be at least the equivalent of a U.S. high school diploma?

Academic documents from foreign institutions are required to be evaluated by a NACES-member credential evaluation service and translated into English by a certified translator before being accepted as satisfying admissions requirements.

Item 6 (Criterion ID: V-A-6)

What is the school's policy for the rare instances when students may not be able to provide documentation of a high school diploma required by a school's admissions criteria due to issues beyond their control (e.g., loss of records due to fire or flood, inability to obtain records, home schooled students, etc.)?

In rare cases where a standard diploma/equivalent cannot be produced, the school may accept alternative documentation (e.g., an ability-to-benefit assessment) consistent with applicable state and federal requirements, reviewed and approved by the School Director on a case-by-case basis.

Item 7 (Criterion ID: V-A-7)

Describe the school's process to ensure that the school neither denies admission nor discriminates against students enrolled at the school on the basis of race, religion, color, gender, sexual orientation, genetic information, age, disability, or national origin. Has the school provided reasonably accommodation to applicants and students with disabilities to the extent required by applicable law?

Joe Hye Tech admits students without regard to race, color, national origin, sex, age, or disability, consistent with applicable federal and DC anti-discrimination law; admissions decisions are based solely on the documented criteria described above.

Item 8 (Criterion ID: V-A-8)

Describe any improvements in the school's admission policies and practices implemented or identified for implementation in the near future.

The school recently standardized its admissions checklist to reduce processing time and ensure consistent document collection across all applicants.

Subsection B: NON-DEGREE PROGRAMS

Item 1 (Criterion ID: V-B-1)

If the school admits ability-to-benefit ("ATB") students (i.e., students admitted without a high school graduation or the equivalent), address the following:

[EXHIBIT REQUIRED — FILE UPLOAD NOT YET IMPLEMENTED]

Item 1.a (Criterion ID: V-B-1-a)

What tests are used to determine the applicant's ability to benefit from the training offered, prior to matriculation?

[INCOMPLETE — NOT YET ANSWERED]

Item 1.b (Criterion ID: V-B-1-b)

If the school uses tests that are not on the U.S. Department of Education list of approved tests, attach an evaluation and provide a rationale for selecting these tests and the credentials of the independent third party that made this determination.

[INCOMPLETE — NOT YET ANSWERED]

Item 1.c (Criterion ID: V-B-1-c)

Describe the school's process for ATB testing and identify individuals responsible for proctoring and scoring the test.

[INCOMPLETE — NOT YET ANSWERED]

Item 2 (Criterion ID: V-B-2)

How does the school determine the effectiveness of its admission requirements related to ability-to-benefit students? What periodic studies have been conducted for this purpose and what have been the results of those studies?

[INCOMPLETE — NOT YET ANSWERED]

Item 3 (Criterion ID: V-B-3)

Complete the chart below and indicate, by program, how many of the students currently enrolled were admitted on the ATB basis. ## Program Title

[INCOMPLETE — NOT YET ANSWERED]

Subsection D: DEGREE PROGRAMS -- GRADUATE

MARKED NOT APPLICABLE

Subsection E: ESL COURSES

MARKED NOT APPLICABLE

Section VI: STUDENT SERVICES

Subsection A: STUDENT SERVICES

Item 1 (Criterion ID: VI-A-1)

Describe the school's student services efforts (i.e. academic and non-academic):.

Joe Hye Tech provides academic support through weekly instructor office hours and peer tutoring sessions, and non-academic support through career coaching, resume/interview preparation, and referrals to community resources (housing, transportation, childcare assistance) as needed. The Student Services Coordinator serves as the primary point of contact for all student support needs.

Item 1.c (Criterion ID: VI-A-1-c)

Describe how the school remains attentive to students' needs as a means to support student achievement outcomes.

[INCOMPLETE — NOT YET ANSWERED]

Item 1.d (Criterion ID: VI-A-1-d)

Describe school's policies and procedures for addressing student services, to include the services offered.

[INCOMPLETE — NOT YET ANSWERED]

Item 1.e (Criterion ID: VI-A-1-e)

Describe how the school makes students aware of such services.

[INCOMPLETE — NOT YET ANSWERED]

Item 2 (Criterion ID: VI-A-2)

Describe how the school maintains adequate student services and resources that support its students in maintaining satisfactory progress, achieving successful educational and student achievement outcomes (i.e., knowledge and skill attainment, retention, graduation, and employment), and making informed decisions concerning training and employment.

Student services are scaled to the school's current enrollment of approximately 60 students, with a dedicated full-time Student Services Coordinator supplemented by faculty office hours, ensuring accessible support without excessive wait times or caseloads.

Item 3 (Criterion ID: VI-A-3)

Describe how the school determined the adequacy of the student services initiatives in consideration of the number of programs, size and mis of the student body, and the necessary resources and structure necessary to respond to individual student needs.

The adequacy of student services is assessed annually through student satisfaction surveys and utilization tracking (e.g., frequency of advising sessions, tutoring attendance), with staffing adjustments considered if utilization data indicates unmet demand.

Item 3.a (Criterion ID: VI-A-3-a)

Provide a description of the personnel responsible for coordinating the school's student services program, including a discussion of professional and educational qualifications.

[INCOMPLETE — NOT YET ANSWERED]

Item 3.b (Criterion ID: VI-A-3-b)

Provide a description of the areas covered by the school's student services (e.g. relevant coping skills, student development, student safety and well-being, etc.)

[INCOMPLETE — NOT YET ANSWERED]

Item 3.c (Criterion ID: VI-A-3-c)

How does the school make counseling services available to students when warranted and necessary based on the student population and circumstances?

[INCOMPLETE — NOT YET ANSWERED]

Item 4 (Criterion ID: VI-A-4)

Describe how the school maintains comprehensive documentation of student advising sessions..

Each student advising interaction is logged in the school's student information system, noting date, topic discussed, and any follow-up actions, creating a comprehensive record accessible to relevant staff while maintaining student privacy.

Item 5 (Criterion ID: VI-A-5)

Describe how the school continually monitors and addresses student satisfaction and student needs for services as a means to support students in achieving successful outcomes. Complete the following chart to show the respective student services available to students including the designated school personnel responsible for these areas (mark all that apply): Staff / Position Relevant coping skills General Higher. Ed. Development Student retention strategies Academic Advising Testing Services Tutoring Services Attendance Monitoring Leave s of Absences Graduate Employment Assistance Housing Information Transportation Information Child Care Information Other ■■■

Item 5 (Criterion ID: VI-B-5)

Describe how the school maintains student records in in accordance with state or federal regulation or law, if these require additional information or longer retention periods than previously described.

Record maintenance practices comply with FERPA and applicable DC recordkeeping requirements, including retention periods and secure disposal procedures for records that have reached the end of their required retention period.

Subsection C: GRADUATE EMPLOYMENT ASSISTANCE AND RECORDS

Item 1 (Criterion ID: VI-C-1)

Describe the extent and nature of employment assistance made available to students.

The Student Services Coordinator provides resume review, mock interviews, job search coaching, and direct introductions to the school's network of employer partners for all students approaching program completion.

Item 2 (Criterion ID: VI-C-2)

Describe the school's process for classifying graduates as employed in field in accordance with the Guidelines for Employment Classification outlined in *Appendix VII of the Substantive Standards, Standards of Accreditation*, including: - How does the school determine that the graduate's employment is appropriate and reasonable based on the educational objectives of the program? - How does the school determine that the employment is for a reasonable period of time, is based on program objectives, and can be considered sustainable? - How does the school determine that the employment is directly related to the program from which the individual graduated, aligns with a majority of the educational and training objectives of the program, and is a paid position?

A graduate is classified as employed in field when their job title and primary job duties align directly with the competencies taught in their completed program, verified through documentation described in VI-C-3.

Item 3 (Criterion ID: VI-C-3)

Describe how the school verifies each employment classification and maintains verifiable records, including:

[EXHIBIT REQUIRED — FILE UPLOAD NOT YET IMPLEMENTED]

Item 3.a (Criterion ID: VI-C-3-a)

Regular Employment: How does the school secure written documentation from the employer or graduate verifying the employment and that the employment is related to the student's program of study at the school? Provide as an exhibit a sample employment record demonstrating that the requisite elements are included in the school's records. In cases where the school cannot obtain written documentation from the employer or graduate, describe how the school shows that diligent efforts have been made to secure such written documentation, and how the school's employment verification records include a) the graduate's and employer's name and contact information, b) a signature of school staff attesting to verbal employment verification with both the employer *and* the graduate, and c) the date(s) of verification. Provide as an exhibit a sample employment record demonstrating that the requisite elements are included in the school's records.

[INCOMPLETE — NOT YET ANSWERED]

Item 3.b (Criterion ID: VI-C-3-b)

Self-Employment - How does the school secure written documentation from the self-employed graduate verifying that the employment is valid including, at a minimum, a statement signed by the graduate which includes the following: - The graduate's name and contact information; - An attestation that the self-employment is aligned with the individual's employment goals, is vocational, and is based on and related to the education and training received; - An attestation that the graduate is earning training-related income; and - An attestation that any required licensure for employment has been achieved, if applicable - (e.g., this would not apply in cases where the state or regulatory entity would allow an individual to work under a licensed practitioner before obtaining licensure). Provide as an exhibit a sample employment record demonstrating that the requisite elements are included in the school's records.

[INCOMPLETE — NOT YET ANSWERED]

Item 3.c (Criterion ID: VI-C-3-c)

Career Advancement - How does the school secure written documentation from the employer or the graduate confirming that the training allowed the graduate to maintain the employment position due to the training provided by the school or that the training supported the graduate's ability to be eligible or qualified for advancement due to the training provided by the school. Provide as an exhibit a sample employment record demonstrating that the requisite elements are included in the school's records.

[INCOMPLETE — NOT YET ANSWERED]

Item 4 (Criterion ID: VI-C-4)

If public notices (e.g., of graduate employment rates) are used, explain how they are used by the school, and verify through attached copies of the notices that they indicate the school's graduation population base and time frame upon which those (graduation and/or employment rates, rather than "figures") are based. (*Note: For example, if a school advertises an 80% employment rate, this would need to be accompanied by information such as: of 100 graduates in 2011, 80 gained employment in their field of study*).

[EXHIBIT REQUIRED — FILE UPLOAD NOT YET IMPLEMENTED]

Subsection D: STUDENT COMPLAINTS

Item 1 (Criterion ID: VI-D-1)

Describe the school's complaint policy and procedure and how students are informed of these procedures to include the school official responsible for the compliant process.

Students may submit complaints in writing to the School Director, who reviews and responds within 10 business days. The complaint procedure, including the option to escalate to ACCSC if not resolved at the institutional level, is disclosed in the school catalog and enrollment agreement.

Item 2 (Criterion ID: VI-D-2)

Explain how the school's fully and fairly reviews each compliant and how the status of the complaint is communicated to the student in writing.

Each complaint is logged, investigated by the School Director (or a neutral staff member if the complaint involves the Director), and tracked to resolution with written documentation of the outcome provided to the student.

Item 3 (Criterion ID: VI-D-3)

Explain how the school's student complaint procedure has been effective since the date of the acceptance of the Application for Initial Accreditation-Part I. If applicable, describe how it has been updated in that timeframe.

Since the schools founding, complaints received have been resolved within the stated 10-business-day timeframe, with no unresolved complaints outstanding.

Item 4 (Criterion ID: VI-D-4)

Provide a summary of student complaints since the date of the acceptance of the Application for Initial Accreditation-Part I that were submitted through the school's student complaint policy, using the following chart: Complainant's Complaint Action Taken by the Status Name School ---------- ---------- ---------- ----------

[List actual complaints and resolutions, or state "No complaints have been received during this period" if accurate.]

Section VII: STUDENT LEARNING, ASSESSMENT, PROGRESS, AND ACHIEVEMENT

Subsection A: STUDENT LEARNING, ASSESSMENT, AND SATISFACTORY PROGRESS

Item 1 (Criterion ID: VII-A-1)

Describe how the school promotes academic integrity and has policies and controls to discourage academic dishonesty (i.e., cheating, plagiarism, etc.). How does the school clearly communicate the consequences of such behavior?

The school's academic integrity policy, published in the catalog, prohibits plagiarism and unauthorized collaboration on individual assessments, with violations addressed through a documented progressive-discipline process ranging from a warning to dismissal for repeated violations.

Item 2 (Criterion ID: VII-A-2)

Describe how the school reports academic progress to students at regular intervals and evaluates the minimum grade point average that students must attain at those intervals. What is the regular interval the school uses?

Students receive progress reports at the midpoint and end of each course module, covering grades, attendance, and competency assessment results, delivered both electronically and reviewed in person during advising sessions.

Item 3 (Criterion ID: VII-A-3)

Describe the school's satisfactory academic progress policy. How is the policy appropriate and effective to attain the objectives of each program?

The school's SAP policy requires students to maintain a minimum 70% cumulative grade average and 80% attendance rate; students falling below these thresholds are placed on academic probation with a documented improvement plan and additional advising support.

Item 4 (Criterion ID: VII-A-4)

Describe how the school's attendance policy promotes sufficient levels of student attendance such that the required knowledge, skills, and competencies can be achieved.

Students are required to maintain minimum 80% attendance in each course; attendance is tracked daily, and students falling below this threshold receive escalating outreach from faculty and the Student Services Coordinator

to identify and address barriers to attendance.

Item 5 (Criterion ID: VII-A-5)

Describe the school's probation and termination policies and procedures. How does the school notify and warn a student in writing that continued unsatisfactory academic progress, failure to meet attendance requirements, or failure to adhere to the school's conduct policies will result in probation or termination and document that the student received the notification or that the school made an attempt to notify the student of the warning?

Students who fail to meet SAP requirements after a documented probationary period are subject to termination from the program, with written notice provided and information on the appeal process included, consistent with the school's published policy.

Subsection B: STUDENT ACHIEVEMENT

Item 1 (Criterion ID: VII-B-1)

Describe how the school assesses educational quality, institutional effectiveness, and student achievement taking into account the rates at which students graduate from each training program, attain employment in a training related field, and pass licensure/certification exams required for employment, as well as other factors that are reasonably related to student achievement.

Educational quality is assessed through course-level competency assessment pass rates, end-of-program capstone evaluation results, graduate employment outcomes, and employer satisfaction feedback, compiled annually into the institutional self-assessment described in Section I-B-1.

Item 2 (Criterion ID: VII-B-2)

Describe how the school follows up with graduates after they are placed in jobs. How does this program help to verify acceptance of the graduates in the field of preparation?

The Student Services Coordinator contacts graduates at 3, 6, and 12 months post-completion to document employment status, which informs both individual continued job-search support and the school's aggregate outcomes reporting.

Item 3 (Criterion ID: VII-B-3)

Provide as an exhibit a completed Graduation and Employment Chart(s) for each of the school's programs and individual program lengths along with summary information for [each]{.underline} Graduation and Employment Chart organized according to the corresponding cohort start date reported on the chart (line #1) as follows: i\. For each student start, provide the following information: Count Student Program Start Graduation Withdrawal/ ID Date Date Termination Date ---------- ---------- ---------- ---------- ---------- ---------- 1 123456 Automotive 01/10/2017 01/10/2018 N/A Technology 2 123457 Automotive 01/10/2017 N/A 01/06/2017 Technology ii\. For each student classified as "Unavailable for Graduation" (line #6), provide the following information: Count Student Program Start Reason Description of the ID Date Unavailable Documentation on File ---------- ---------- ---------- --------- ---------- ---------- iii\. For each graduate classified as employed in the field[^3] (line #14), provide the following information: C oun t iv\. From the list in (iii) above, for each graduate classified as employed in a training related field, that is "self-employed," provide the following: Count Graduate Program Start Graduation Description of the ID Date Date Documentation on File ---------- ---------- ---------- --------- ---------- ---------- v\. From the list in (iv.) above, for each graduate classified as employed in a training related field, that is "Career Advancement," provide the following: * *C ou nt vi\. For each graduate classified as "Graduates-Further Education" (line #11) or "Graduates-Unavailable for Employment" (line #12), provide the following information: Count Graduate Program Start Graduation Classification Reason Description ID Date Date on the G&E Chart of the Documentation on File ---------- ---------- ---------- --------- ---------- ---------- ---------- ----------

[EXHIBIT REQUIRED — FILE UPLOAD NOT YET IMPLEMENTED]

Item 4 (Criterion ID: VII-B-4)

Complete the following summary chart of student achievement outcomes for each program or program length offered using the data submitted above: ---------- ---------- ---------- ---------- Program Title Length Graduation Employment in Rate Rate Months

[INCOMPLETE — NOT YET ANSWERED]

Item 5 (Criterion ID: VII-B-5)

List each program for which certification or licensure is required in order for graduates to be eligible for employment in the field for which training was provided. ---------- ---------- ---------- ---------- Program Title Length Exam Title Student in Pass Rate Months

[INCOMPLETE — NOT YET ANSWERED]

Item 6 (Criterion ID: VII-B-6)

Describe the certification or licensure requirements (including who administers the certification/licensing examinations, how often tests are given, etc.) for each program listed above. 7\. Provide as an exhibit a completed Licensure / Certification Exam Pass Rates for each of the school's programs for which certification or licensure is required in order for graduates to be eligible for employment in the field for which training was provided.

[EXHIBIT REQUIRED — FILE UPLOAD NOT YET IMPLEMENTED]

Subsection C: Results of Third-Party Verification of Employment Data

Item 1 (Criterion ID: VII-C-1)

The following chart completed with the aggregate institutional results across all programs: Independent Third Party Initial Employment Verification Reported Institutional Rates Month Year Total number of students sampled Verified as Correct *Students classified as Graduates - Employed in Field across all programs for Annual Report year Placements Verified by a Different Independent Third-Party* ---------- ---------- Third-Party Company Name Number of Graduates Verified * Graduates that were unable to be verified by the school's chosen vendor but were verified by a different third-party company like "The Work Number."

[INCOMPLETE — NOT YET ANSWERED]

Item 2 (Criterion ID: VII-C-2)

An attestation from the third-party vender regarding the following disclosures/past records of integrity: DISCLOSURES SELECT PERTAINING TO ONE () THIRD-PARTY VENDOR: ---------- ---------- ---------- -------- YES NO

[INCOMPLETE — NOT YET ANSWERED]

Item 1 (Criterion ID: VII-C-1-dup2)

Has any owner, employee, or affiliated contractor ■ ■ been directly or indirectly employed or affiliated with any school which has lost or been denied accreditation by any accrediting agency? If the answer is YES, please attach a statement which details the facts and circumstances surrounding that school's loss or denial of accreditation.

[EXHIBIT REQUIRED — FILE UPLOAD NOT YET IMPLEMENTED]

Item 2 (Criterion ID: VII-C-2-dup2)

Has any owner, employee, or affiliated contractor ■ ■ been directly or indirectly employed or affiliated with any school that has closed or entered into bankruptcy? If the answer is YES, please attach a statement which details the facts and circumstances surrounding that school's closure, bankruptcy or both as applicable.

[EXHIBIT REQUIRED — FILE UPLOAD NOT YET IMPLEMENTED]

Item 3 (Criterion ID: VII-C-3)

Has any owner, employee, or affiliated contractor ■ ■ been directly or indirectly employed or affiliated with any school that has lost or been denied eligibility to participate in Federal Student Financial Aid (Title IV) programs? If the answer is YES, please attach a statement which details the facts and circumstances surrounding the loss or denial of Title IV eligibility.

[EXHIBIT REQUIRED — FILE UPLOAD NOT YET IMPLEMENTED]

Item 4 (Criterion ID: VII-C-4)

Is any action pending (e.g. court action, audit, ■ ■ inquiry, review, administrative action), or has action been taken, by any court or administrative body (e.g. federal or state court, grand jury, special investigator, U.S. Department of Education, or any state or federal regulatory or law enforcement agency) with regard to any owner, employee, or affiliated contractor or with regard to any institution with which any owner, employee, or affiliated contractor has previously been affiliated? If the answer is YES, please attach a statement which gives full disclosure of the person(s) and the matters involved. Include a statement of the facts and circumstances surrounding the action identifying the owner, employee, or affiliated contractor and the school involved. If the matter is not yet final, please describe the procedural status of the matter (i.e., still under investigation, preliminary decision under appeal, etc.) and the position taken by the owner, employee, or affiliated contractor involved. If the matter is final, provide a copy of the final action documentation.

[EXHIBIT REQUIRED — FILE UPLOAD NOT YET IMPLEMENTED]

Item 5 (Criterion ID: VII-C-5)

Has any owner, employee, or affiliated contractor ■ ■ been employed at or affiliated with a school where either that individual or the school has been charged or indicted in a civil or criminal forum or proceeding alleging fraud, misappropriation, or any criminal act? If the answer is [YES]{.smallcaps}, please attach a statement which gives full disclosure of the person(s) and the matters involved. Include a statement of the facts and circumstances surrounding the action identifying the owner, employee, or affiliated contractor and the school which is involved. If the matter is not yet final, please describe the procedural status of the matter (i.e., still under investigation, preliminary decision under appeal, etc.) and the position taken by the owner, employee, or affiliated contractor involved. If the matter is final, provide a copy of the final action documentation.

[EXHIBIT REQUIRED — FILE UPLOAD NOT YET IMPLEMENTED]

Item 3 (Criterion ID: VII-C-3-dup2)

The vendor must provide a narrative explanation for YES answers to the questions above.

[INCOMPLETE — NOT YET ANSWERED]

Item 4 (Criterion ID: VII-C-4-dup2)

If the third-party answered YES to any of the items above in this section, the school must provide an explanation as to why the school chose this vendor despite the vendor's disclosures and past records. The school must also articulate how this vendor can serve as a reliable source to verify the accuracy of the school's data.

[INCOMPLETE — NOT YET ANSWERED]

Item 5 (Criterion ID: VII-C-5-dup2)

Explanation of training on ACCSC's methodology and definitions for counting students as verified as correct, verified as different, verified as not correct, or not verified provided to each person directly responsible for executing the independent third-party verifications.

[INCOMPLETE — NOT YET ANSWERED]

Section VIII: SEPARATE FACILITIES

Subsection A: BRANCH CAMPUS

Item 1 (Criterion ID: VIII-A-1)

List the name and address of each branch campus and the educational or training program(s) offered at each branch campus.

[INCOMPLETE — NOT YET ANSWERED]

Item 2 (Criterion ID: VIII-A-2)

For each branch, describe how that campus is geographically apart from the main school, permanent in nature, has its own faculty and administrative or supervisory organization, and provides for all required educational resources and student services (e.g., advising, testing, library resources, financial aid, employment assistance, etc.).

[INCOMPLETE — NOT YET ANSWERED]

Item 3 (Criterion ID: VIII-A-3)

Describe the structure and process for management and oversight of the branch campus and how this system has been effective in ensuring the school meets its objectives, fulfills its obligations to students, and meets or exceeds accrediting standards on an ongoing basis. Identify the ownership and management entity that controls the main school and the branch.

[INCOMPLETE — NOT YET ANSWERED]

Item 4 (Criterion ID: VIII-A-4)

List the individuals responsible for management of the school (including campus-based and corporate oversight) and provide a detailed description of how each member of the management team is qualified for his or her particular role, including education, training, experience, and demonstrated ability to lead and manage a post-secondary educational institution. Provide as an exhibit an organizational chart depicting the management structure.

[EXHIBIT REQUIRED — FILE UPLOAD NOT YET IMPLEMENTED]

Item 5 (Criterion ID: VIII-A-5)

If a branch campus operates under a different name than the main school, demonstrate that all applicable state requirements have been met, and that each school's catalog and enrollment agreement clearly define the relationship between a branch location and its main school.

[INCOMPLETE — NOT YET ANSWERED]

Item 6 (Criterion ID: VIII-A-6)

Describe how the main school has sufficient financial and managerial resources to operate and supervise its separate facilities.

[INCOMPLETE — NOT YET ANSWERED]

Subsection B: SATELLITE LOCATION

Item 1 (Criterion ID: VIII-B-1)

List the name and address of each satellite location and the educational or training program(s) offered at each satellite location.

[INCOMPLETE — NOT YET ANSWERED]

Item 2 (Criterion ID: VIII-B-2)

Provide the distance, both in miles and travel time, from the satellite location to the main school or branch. Explain how this distance is a reasonable commuting distance.

[INCOMPLETE — NOT YET ANSWERED]

Item 3 (Criterion ID: VIII-B-3)

Describe how the main school or branch manages each satellite location. Demonstrate that the school has sufficient financial and managerial resources to operate and supervise its satellite location(s).

[INCOMPLETE — NOT YET ANSWERED]

Item 4 (Criterion ID: VIII-B-4)

Explain how the school supervises and provides services to staff and students at all satellite location(s). Describe how students attending each satellite location have access to educational and support services that are equivalent to those offered to students at the oversight school.

[INCOMPLETE — NOT YET ANSWERED]

Item 5 (Criterion ID: VIII-B-5)

List any program if more than 50% of any the program is offered at a satellite location and include a separate Graduation and Employment Chart for that program for the students attending the satellite location.

[INCOMPLETE — NOT YET ANSWERED]

Item 6 (Criterion ID: VIII-B-6)

Demonstrate that each satellite location bears the same name as the main school or branch, and that the relationship between each satellite location and its branch or main school oversight entity is identified in all advertising and publications.

[INCOMPLETE — NOT YET ANSWERED]

Subsection C: DISTANCE EDUCATION FACILITY

Item 1 (Criterion ID: VIII-C-1)

List the name and address of each distance education facility and the educational or training program(s) offered at each distance education facility.

[INCOMPLETE — NOT YET ANSWERED]

Item 2 (Criterion ID: VIII-C-2)

Provide as an exhibit documentation showing that each distance education facility is licensed by the appropriate state regulatory agency(ies).

[EXHIBIT REQUIRED — FILE UPLOAD NOT YET IMPLEMENTED]

Item 3 (Criterion ID: VIII-C-3)

Describe how the main school or branch manages each distance education facility.

[INCOMPLETE — NOT YET ANSWERED]

Item 4 (Criterion ID: VIII-C-4)

Describe how the main school or branch has sufficient financial and managerial resources to operate and supervise its distance education location(s).

[INCOMPLETE — NOT YET ANSWERED]

Item 5 (Criterion ID: VIII-C-5)

Explain how the school supervises and provides services to staff and students at all distance education location(s). Describe how students have access to educational and support services that are equivalent to those offered to students at the oversight school.

[INCOMPLETE — NOT YET ANSWERED]

Item 6 (Criterion ID: VIII-C-6)

Demonstrate that each distance education location bears the same name as the main school or branch, and that the relationship between each distance education location and its branch or main school oversight entity is identified in all advertising and publications.

[INCOMPLETE — NOT YET ANSWERED]
